

Science Sampler

Science Sampler is a program designed for Girl Scout Daisy and Brownies who wish to learn more about science. During each Girl Scout Science Sampler the girls will be able to participate in various science experiments.

Examples of experiments include:

- * Creating homemade ice cream
- * Tye-dyeing a T-shirt
- * Making silly putty
- * Fingerprinting
- * Creating erupting volcanoes
- * Launching rockets
- * Learning about optics
- * Flinging ping pong balls
- * Making edible comets
